**UNIVERSAL PREKINDERGARTEN (UPK) APPLICATION**

**\*YOU MUST READ THIS PAGE FULLY BEFORE FILLING OUT APPLICATION\***

Dear Parents/Guardians:

Universal Prekindergarten (UPK) is a special early childhood program which was established by the New York State Education Department (NYSED) and contracted School Districts to provide an early learning experience for the children of eligible families. Eligible families are defined as: those who live in a contracted School District and have children who will be four years old by December 1, 2016 (your child must have been born between December 1, 2011 and December 1, 2012). Universal Prekindergarten is now accepting applications for the 2016-2017 school year (**pending funding approval in the NYS budget**).

This is an early childhood program conducted with a qualified teacher and an assistant in every class. The children attend five (5) half days for 2½ hours each day, for 180 days per school year, at no cost to you.

When you return the completed application, please include the following **copies that we may keep**:

1. A copy of your child's original birth certificate. (If the birth certificate is not in English, we need a copy of your child's passport).
2. **A completed signed or stamped record of up-to-date immunizations and health appraisal form with the physician's name and address included. (The attached sample Health Appraisal form may be used or substituted with a form from the physician's office). \* See Immunization Requirements\***
3. Proof of district residency - 2 Documents are requested. (Documentation showing your name & address. Ex.: Mailing address on a bank statement or utility bill. Unacceptable documents as proof of residence are handwritten envelopes, property deeds, termination notice for utility bills and income tax returns).
4. A telephone number where you can be reached between 8:30a.m. and 5:00p.m.
5. Included in this application is important lead and dental screening information for you to review.

**IT IS IMPORTANT TO RETURN THE COMPLETED UPK APPLICATION BY March 31<sup>ST</sup>, 2016 TO:**

CHILD CARE RESOURCES OF ROCKLAND, INC.

ATTN: Jenine Valentino email: [childcarerockland@gmail.com](mailto:childcarerockland@gmail.com)

**INELIGIBILITY: Incomplete application, Immunization Record and/or students who are unable to attend UPK 5 days a week, 2½ hours per day, for the entire school year may be ineligible.**

If an application is received and/or postmarked after March 31, 2016, the application will be placed into a district waiting pool unless slots are available.

**STATEMENT OF METHOD FOR SELECTION OF CHILDREN**

Child Care Resources of Rockland, Inc. (CCRR) will oversee the registration process. CCRR will accept the applications and verify eligibility. If more requests are made than NYSED has funded, for a specific school district and/or contracted early childhood program, a lottery will be used to select children to participate in the UPK program. **Children will be considered for the lottery if the complete application, birth certificate, complete immunization record, health appraisal form and proof of residency are on file with this office.** Children will be placed according to parent choice, if possible. Parents/Guardians will be notified of the status of their child, by mail, once slots have been filled. Notification will be sent mid May 2016. **Health Appraisal/Medical Statement:** You may use the form provided in this application or another, however, all required information must be complete as shown. Ensure that your doctor includes the vision and hearing screenings; BMI and BMI %. If a PPD test is not done, ask the doctor to write "not indicated" or another comment. In certain grades, weight status category BMI % is reported to the NYS Department of Health. No names are sent, however you may choose to have your child's information excluded from this report. In this case, please mark the appropriate box on the health appraisal form.

## **RECOMMENDATIONS**

### **Lead Screening**

Children can get "lead poisoning" from lead paint in older homes, contaminated soil, imported toys, ceramic dishes and water flowing from old pipes. The symptoms may look like minor illness but the potential damage is enormous, and may cause reduced IQ, slowed body growth, hearing problems, behavior and attention problems and kidney damage. Talk to your doctor about having your child's blood tested for lead.

### **Dental Screening:**

The American Academy of Pediatric Dentistry recommends a dental check-up at least twice a year for most children. Some children need more frequent dental visits because of increased risk of tooth decay, unusual growth patterns or poor oral hygiene. Your pediatric dentist provides an ongoing assessment of changes in your child's oral health. For example, your child may need additional fluoride, dietary changes, or sealants for ideal dental health. A dentist will give you a dental certificate for your child, for your school district, which you can give to Child Care Resources of Rockland, if needed. Listed below are low cost dental facilities in Rockland County provided by New York State Education Department Student Support Services Team:

## THE CREATIVE CURRICULUM FOR PRESCHOOL

**The word curriculum is often defined as “a plan for learning”.**

New York State Education Regulations require that the curriculum used in the Universal Pre-kindergarten classroom be aligned with the Early Learning Standards. In New York State Prek Learning Standards were approved by the Board of Regents at their P-12 Education Committee Meeting on January 10, 2011. These are known as the NYS Prek Foundation for the Common Core. These standards address the following areas: Approaches to Learning, Physical Development and Health, Social and Emotional Development, Communications, Language and Literacy, Cognitive and Knowledge of the World. These standards are available at the following web address:

<http://www.p12.nysed.gov/ciai/commoncorestandards/pdfdocs/nyslsprek.pdf>

*The Creative Curriculum for Preschool 5<sup>th</sup> Edition* was chosen by 7 of the 8 school districts in Rockland County for use in the Universal Pre-kindergarten programs because it is directly aligned with the NYS Prek Foundation for the Common Core and because it emphasizes developmentally appropriate practice. The curriculum is published by Teaching Strategies ([www.TeachingStrategies.com](http://www.TeachingStrategies.com)) and is written by Diane Trister Dodge, Laura Colker and Cate Heroman. These three early childhood professionals are well known speakers, authors, educators and innovators in early childhood education.

*The Creative Curriculum for Preschool 5<sup>th</sup> Edition* is based on classic research in child development that has accumulated over the past 75 years. It is based on recent research and major theories that support the concept of developmentally appropriate practice, which means teaching children in ways that match the way they develop and learn. It is also based on current information about learning, the brain and resiliency.

What we know in the field about how four year olds develop and learn best tells us that they need many whole body, hands on, real life experiences to experiment, explore and pursue their own interests. They need ample opportunities to develop independence, decision-making and problem solving skills, creative expression and conflict resolution. The concept of developmentally appropriate practice tells us that children are most receptive to, and best acquire academic readiness skills when they are embedded within the child's naturally sought after play experiences. The curriculum guides teachers in structuring these experiences and the environment in such a way that maximizes the child's interest areas and skill levels. The teachers are involved in a continual process of observing, guiding and assessing a child's learning so that they may plan most effectively.

*The Creative Curriculum for Preschool 5<sup>th</sup> Edition* is a guide for teachers to support them in planning these types of learning experiences for their students. It helps teachers to understand individual differences in gender, temperament, interests, learning styles, cultural backgrounds, special needs or if a child is learning English as a second language. The curriculum also recognizes that the most recent research and findings indicate that a balance of teacher directed and child-initiated learning experiences is best.

## BRIGANCE SCREENING

In New York State children are required to be screened at the first point of entry into the school district. This has typically occurred when children enter kindergarten. A screening will be required of your child at this time because they are entering the district as a four-year-old through the Universal Pre-Kindergarten program. If your child is selected for UPK, a diagnostic developmental screening will be administered to your child at their UPK site prior to December 1<sup>st</sup> of the 2016/2017 school year as per Part 117 of the New York State Education Regulations. The diagnostic screening tool used by all of the districts is the Brigance Early Childhood Screen III. This nationally standardized tool can be administered in approximately 15 minutes. It covers a broad sampling of a child's skills in key developmental areas such as language, literacy, math and physical skills. The information collected during the screening helps teachers and program directors to satisfy screening requirements, plan for individualized and group instruction and initiate referrals for further evaluation if necessary.
